

## **PERRY A~ ARLEDGE**

Perry Arledge, is the author of Living Clay: Nature's Own Miracle Cure. She has been an ongoing student in the study and research of Bentonite Clays since the early 1990's and an advocate for Bentonite clays ever since. Coupled with a B.S. degree and a background in chemistry, biology and veterinary science has contributed greatly to her knowledge base for understanding the intricate workings of clays. Perry A has been a humorous and motivational speaker for more than 20 years
