

Dr. Edwin Vieira, Jr., Ph.D., J.D.

Edwin Vieira, Jr., holds four degrees from Harvard: A.B. (Harvard College), A.M. and Ph.D. (Harvard Graduate School of Arts and Sciences), and J.D. (Harvard Law School).

For more than thirty years he has practiced law, with emphasis on constitutional issues. He is also one of our country's most eminent constitutional attorneys, having brought four cases that were accepted by the supreme Court and having won three of them. In the supreme Court of the United States he successfully argued or briefed the cases leading to the landmark decisions *Abood v. Detroit Board of Education*, *Chicago Teachers Union v. Hudson*, and *Communications Workers of America v. Beck*, which established constitutional and statutory limitations on the uses to which labor unions, in both the private and the public sectors, may apply fees extracted from nonunion workers as a condition of their employment.

He is the world's most foremost authority about the role of our Constitution as it relates to money and has written numerous monographs and articles in scholarly journals, and lectured throughout the country. He is also the author of the two-volume *Pieces of Eight: The Monetary Powers and Disabilities of the United States Constitution* (2002), the most comprehensive study in existence of American monetary law and history viewed from a constitutional perspective

He is also the co-author (under a nom de plume) of the political novel *CRA\$HMAKER: A Federal Affaire* (2000), a not-so-fictional story of an engineered crash of the Federal Reserve System, and the political upheaval it causes. www.crashmaker.com
