

## **Eric Madsen Biography**

Eric Madsen is the man that lends Team Law consciousness and physical capacity through its Trustee capacity but first and foremost he is a servant of God, a husband and a father. I have an exquisite wife and twelve liv

One day in 1993 Eric and his family were awakened to what is going on in our nation by a “legal” attack on his home.

In their research they discovered how Land ownership works. They discovered: Treaties, the State’s Enabling Act, Land Patents and how the Constitutions work. They secured their acceptance of the Land Patent that secured their Land and our chain of assignment to that title. This was their wake-up call; it was also the first time that they fought back; and they were winning! Many people have followed what they learned and in the over ten years since their wake-up call they are not aware of a single case where they did not win. The wins came because they learned the Law and applied it. Eric believes it is necessary to obey, honor and sustain the law. He also knows it is impossible to either obey, or honor, or sustain the law if we do not know what the law is. It is also impossible to learn or know the law from hearsay. It takes direct study.
