

About Jack Wolfson

Dr. Jack Wolfson is a board certified cardiologist in Phoenix. He is known as The Paleo Cardiologist and The Natural Cardiologist. Check out his website TheDrsWolfson.com and follow him on [Facebook at The Drs. Wolfson](#).

He attended the University of Illinois for his undergraduate degree and then, following in his father's footsteps, spent four years at the Chicago College of Osteopathic Medicine for his D.O. degree. A three year internal medicine residency then a three year cardiology fellowship followed at Lutheran General Hospital in Park Ridge, Illinois while serving as Chief Fellow in his final year. Jack is board certified in cardiology and was a Fellow of the American College of Cardiology (FACC) from 2002-2012.

As time passed, Jack was growing frustrated that despite all the pharmaceuticals and procedures, his patients were feeling worse. Patients were discharged from the hospital only to return to the ER shortly because doctors are not healing anyone. The realization hit him that medical doctors were not preventing disease but only attempting to treat symptoms.

In 2012, he decided to leave the large cardiology group and open Wolfson Integrative Cardiology.
