

## **About Julie Justus**

*I'm the oldest daughter to Carolyn and Brian Reid founders of Carolyn's Natural Soap. I have worked by my Mom's side in the background by creating and maintaining her website, labels, and selling at local farmer markets. After mom passed away Oct 2013, my husband Gregg and I continued the business on Jan 1 2014 with the help of sister-in-law Kimberly Justus. We now make the soap and other products in our home but still use the fresh milk from the family farm. I'm not my mother, but my hope is to continue Carolyn's legacy by using her awesome soap recipes and skills she taught me to make quality natural products.*
