

Pete Fettig, Gold Manager with Karatbars

Jack of Many Trades: former research scientist in electro-optics, medical optics, and product manager in telecom optics, who grew weary of the corporate world. A born again Christian. Happily married to a beautiful bride, who has given the Lord 3 beautiful kids. He has discovered that complaining doesn't generate revenue and has changed his focus to being part of the SOLUTION and accepting God's Will to be salt and light.
