

## **About Richie Allen**

Richie Allen has been producing and presenting television and radio programs for the best part of sixteen years. Now, Richie is teaming up with [DavidLcke.com](http://DavidLcke.com) and [FabRadioInternational.com](http://FabRadioInternational.com) to bring you The Richie Allen Show which airs Monday - Thursday at 8PM GMT

The show features up to the minute news analysis by researchers, journalists and academics who are ignored by the corporate controlled media, as well as featuring activists from all around the world who are making a difference in their communities every day. People are tired of hearing about the problems, they want to hear of positive solutions.

That is why the show, while challenging the mainstream medias version of events, focuses heavily on the men and women who are trying to cause a seismic shift in the current paradigm. The skype line to the show will be open for listeners to call in and have their say. There will be no censorship.
