Saint John Hunt

Growing up in one of America's most notorious spy families, Saint John has a lot to say.

He grew up in multiple countries, traveling with his father E. Howard Hunt and his stay at home mother Dorothy. But this cozy family unit was not at all what it appeared to be.

A deathbed confession from E. Howard Hunt sent Saint John an exploration for the truth about his mother's death and the events that caused Flight 533 to crash.

Saint John learned his father was a high level spy for the CIA, had been handpicked to run a CIA operation in Cuba, was a 'benchwarmer' in the assassination of JFK and heavily involved in Watergate.

His mother, Dorothy, was as a spy, and Saint John learned about her struggles to convince her husband not to get involved with Watergate, and her war with President Richard Nixon, which led to her untimely death.

Saint John Hunt currently resides in Florida, where he is raising his two children. He is also the author of *Bond of Secrecy* and has spent the past 40 years work in various rock bands.
